# TTI PRESENTS: MANAGING TEAMS REMOTELY WORKSHOP

**Uncover the tools and the techniques  
necessary to Manage Teams Remotely.**

In response to the uncertainties presented by the coronavirus pandemic, much of the global workforce is setting up shop to work from home. With new emphasis on telecommuting comes a new reality: Teams need a strategy for communicating digitally, and leaders must adapt to effectively manage their people and meetings remotely.

# WHAT YOU WILL EXPERIENCE

- Recognize the key challenges of managing remote teams
- Identify key leadership skills and framework to build relationships across remote teams and keep staff motivated
- Understand 'best practice' when using a range of communication methods with remote staff
- Recognize the values of Cultural Awareness and how this can strengthen internal relationships and build a stronger company
- Pinpoint key performance management activities to ensure you remain effective as a remote line manager and maximize staff performance
